DINNER

The Gasmate Ignite BBQ has been designed to suit busy modern lifestyles.

The one touch ignition and temperature control makes using the ignite simple and easy. Ignite's grill technology provides even heat distribution, reduced fat cooking and flame grilled flavour with no flare ups.

The Ignite can be easily wall mounted or used with the Ignite Stand (sold separately)

PARTY

The Ignite BBQ features a unique space saving design. It is compact, discreet and stylish with the unique folding design that stores flat against the wall. So when you have finished cooking, simply fold it up and maximise your outdoor living space. The Ignite BBQ is perfect for balconies and courtyards.

Ignite BBQ features:

MODEL No. BQIG10

Powerful, full flavoured grilling

Innovative 18MJ/h stainless steel triple burner reduces gas consumption and provides even spread of powerful heat.

Satin enamel cast iron cooking plate – combines an open grill and flat plate for versatile, fat free cooking
Healthy angled cooking surface.

Fold flat design

Compact discreet and stylish, the unique folding design stores flat against a wall.

Patented fat management system

No mess, quick clean up, no flare ups.

Clever design features

A convenient chef's shelf folds forward, fitting the smallest of outdoor spaces whilst keeping all the cooking essentials close to hand.

Utensil holders.

Dual bottle openers.

Weather proof cover

To protect Ignite BBQ from the elements.

Energy conscious design

Efficient burner, reduced bulk, die cast aluminium hood.

International Patent Pending (PCT).

Compact design

BBQ can be wall mounted or attached to stand (stand sold separately).

Certified for conversion to Natural Gas or operates on Propane (hose and regulator included).

The Gasmate Ignite BBQ is the most innovative & revolutionary BBQ for small spaces.

The patented design is ideal for apartment balconies, courtyards or a designer look in any back yard. The folding design allows for compact storage without compromising traditional gas BBQ performance.

Ignite can be wall mounted or attached to stand (sold as separate accessory).
