1	Back Cover		

## Instructions

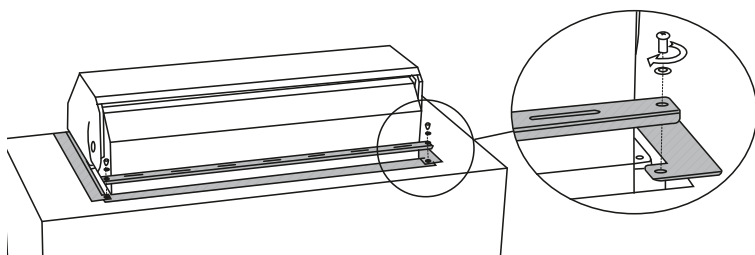

NOTE: the full Barbecue assembly instructions can be found in the Barbecue Carton. These instructions only refer to placement of Trims in Built-In situations.

- 1) Attach the RH Bracket and LH Bracket to Barbecue body using 8 off M6 x 12mm screws as follows:

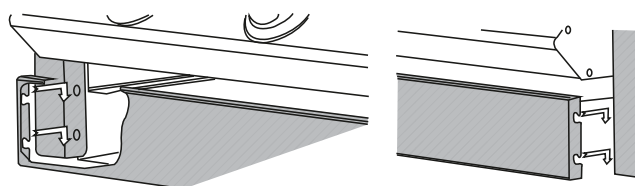

NOTE: Washers are to be placed between the Barbecue body and the bracket.

- 2) Place BBQ into its position in the bench, resting on the brackets installed in (1).
- 3) Attach the rear trim to place:

- 4) The front cover can be removed for accessing the Fat-Collecting Pan and replaced:
